2,000 calories a day is used for general nutrition advice, but calorie needs vary. Additional nutritional information available upon request.

The calorie and nutrition information provided is for individual servings, not for the total number of servings on each tray, because serving styles (i.e., bowls used) vary significantly in order to accommodate the number of guests that can range from small groups of 10 to the hundreds. Due to our desire and ability to provide custom solutions, we do not offer standard serving containers. If you have any questions, please contact your catering manager directly.
